

our children and helps us recognize the potential that lies in all of us. They have helped usher in a new age of understanding of human development and behavior. Our lives are the better for it. I am proud to stand in recognition of their work.●

RECOGNIZING MELANIE MASSEY PHYSICAL THERAPY

● Mr. VITTER. Mr. President, the folks who commit their lives to nursing people back to health provide tremendous benefit to their communities. Whether it is physical or speech therapy, providing community members with hope during a difficult time is a noble act, and one that is greatly appreciated, especially when those community members are children. This week's Small Business of the Week employs folks who provide therapy sessions to adults and children alike. I would like to recognize Melanie Massey Physical Therapy as Small Business of the Week for their commitment to providing exceptional health and therapy services to children in Monroe, West Monroe, Ruston, and Shreveport, LA.

Louisiana native Melanie Massey began her career as a physical therapist upon graduating from Louisiana State University School of Allied Health Sciences in 1993. Shortly after graduation, Melanie began working at LSU Medical Center in 1994, spending the majority of her time tending to wound and burn victims. However, she soon realized pediatric care was her passion. In 1995 with only 2 years of physical therapy experience, Melanie opened her own practice. Under the motto "Joyfully use your gifts to brighten the lives of others," Melanie began spending one-on-one time with her young patients, developing unique relationships with her clients and building a strong reputation attractive to patients and parents seeking top-notch therapy centers for their children. As her clientele grew, so did her staff. Melanie has hired over 20 therapists and opened three more centers across north Louisiana within a few years of opening her business. Pediatric patients enjoy a multitude of events hosted by Melanie's clinics, such as boy's and girl's movie night and a summer camp that specializes in teaching handwriting, friendship building, and sensory integration. Today, the Melanie Massey Therapy team consists of full-time physical therapists, occupational therapists, and speech therapists, as well as a full billing department that allows patients to receive the necessary care upon arrival worry free.

Melanie Massey Physical Therapy maintains a hopeful spirit and high-energy staff that continuously motivates their patients in reaching their recovery goals. Furthermore, Melanie encourages her staff to continue their education while employed in her physical therapy centers, ensuring her staff can be among the most highly trained therapists in north Louisiana.

The ability to help her patients overcome some of the most challenging hurdles in their young lives serves as an inspiration to all entrepreneurs who devote themselves to the well-being of their customers. Congratulations to Melanie Massey Physical Therapy and her team for being recognized as this week's Small Business of the Week.●

CONGRATULATING DENNIS AND RUTH DITCH

● Mr. ENZI. Mr. President, I wish to offer my congratulations to Dennis and Ruth Ditch as they celebrate their 50th wedding anniversary on September 25. Dennis and Ruth are the parents of David Ditch, one of my staffers on the Budget Committee. They are also the parents of three daughters, Lori, Lynn, and Barbara, and have two grandchildren, Lana and Ginger.

Dennis and Ruth Ditch both grew up in western New York, and their five decades together demonstrate the best qualities of a married couple. They have supported one another in raising four children, moved cross country twice for work opportunities prior to settling in Bloomfield, NY, and spent 25 years operating a small business they started together. Their commitment to one another never wavered even during the trying period when Ruth underwent chemotherapy to overcome an aggressive form of lymphoma. In recent years, they have become leaders for Gideons International in their area.

As successful parents, entrepreneurs, and active members of their community, Dennis and Ruth Ditch exemplify the values that make America great, whether in my home State of Wyoming or in New York. I give them my best wishes for the future.●

REMEMBERING HARRY MCGRATH

● Mr. CASEY. Mr. President, I wish to pay tribute to Mr. Harry P. McGrath, Sr., a Pennsylvanian and a close friend. Harry passed away unexpectedly on September 7, 2015.

Harry devoted his life to his family and to public service and advocacy. Following his graduation from Dunmore High School, where he was an outstanding student and athlete, and Kutztown University, he worked as a Special Agent in the U.S. Secret Service. During the 1980s he protected President Ronald Reagan and Vice President George H.W. Bush, earning commendations for his work in Grenada and the Khyber Pass. By the time he left the Secret Service to attend law school, he had earned special achievement and performance awards for his significant contributions to the agency's efficient operation.

After graduating cum laude from the Widener University School of Law, where he was a member of the Law Review, Harry continued his work in public service as a law clerk for Judge William J. Nealon in the U.S. District

Court for the Middle District of Pennsylvania. He went on to become a distinguished lawyer in Northeastern Pennsylvania, admitted to practice law by the Pennsylvania Supreme Court, the Third Circuit Court of Appeals, and the U.S. District Court for the Middle District of Pennsylvania. He was a partner in the law firm of O'Malley, Harris, Durkin, and Perry PC and the founder of the McGrath Law Offices in Scranton. With his legal expertise, significant experience and sound judgment, Harry was an ideal person to serve as the chairman of my Judicial Selection for the Middle District of Pennsylvania.

In addition to his work as a lawyer, Harry was also a strong advocate for Pennsylvania's children, as the solicitor for more than 30 years for the Scranton School District, representing students, parents, teachers, and administrators in matters of education and employment. He was passionate about his work on behalf of children with learning disabilities and other school-aged children in need. He was an early and strong supporter of the new Scranton High School Project and a past member of the Board of Directors of the Friendship House, an organization that provides quality programs and services designated to enhance the well-being of children and families in his community.

As much as public service and advocacy defined his career, politics was in Harry's blood. Named after his grandfather, the late Harry P. O'Neill, a U.S. Representative in the 1950s, Harry McGrath worked hard to elect candidates to public office, candidates in whom he believed. He served as Lackawanna County Democratic Party chairman and volunteered his time, talent, and energy to countless campaigns throughout his life.

Despite his numerous accomplishment, the most important legacy Harry leaves behind is his family. My thoughts and prayers are with his wife of 33 years, Joell; their four children, Harry, Bob, Betsey, and Joe; his brothers and sisters; all of his nieces and nephews; and his many friends. I pray that God will give them strength and that Harry's life of family, faith, and service will continue to inspire them in the years ahead.●

MESSAGE FROM THE HOUSE

At 12:32 p.m., a message from the House of Representatives, delivered by Mrs. Cole, one of its reading clerks, announced that the House agrees to the amendment of the Senate to the bill (H.R. 23) to reauthorize the National Windstorm Impact Reduction Program, and for other purposes.

The message also announced that the House has passed the following bills, without amendment:

S. 230. An act to provide for the conveyance of certain property to the Yukon Kuskokwim Health Corporation located in Bethel, Alaska.
